Our CSA involves an agreement between you and your local growers. We want all involved to be completely comfortable and understand the mutual reliance upon one another. The membership dues that are collected up front are used to purchase seeds and other materials that are so needed to run the farms. As you sign below, know that you agree to pay the complete cost of the share(s) by April 30, 2021, and in return you will receive the allotted amount of fresh local produce all season long. Thank you for making this commitment as the farmers make the commitment to you. Please sign and return, and we will look forward to visiting with you soon...
